Dear Community Member,

We are writing you today to ask for your support of a very important event held to keep teens safe on their graduation night. Project Graduation was created in Maine after 60 students over 6 years had died after going to parties after graduation, drinking and using drugs, then driving home. The idea of having a lock-in party afterwards was born, and it has since spread across the nation, high schools everywhere have established events that keep the kids safe, drug and alcohol free, and ready to start their lives after high school. It also keeps the community at large safe as well.

Notre Dame Prep will be having over 200 students graduate this year, and your support can help make the evening great. The event costs students \$100 but this year we anticipate there will be record needs for scholarships. There are a number of prizes themed towards college needs that are awarded throughout the night. We have scheduled a great DJ, gaming tables, food and giveaways all come under the budget, and we do not bring in as much as we need to spend.

We are looking for cash donations; sponsorship of event or portions of it, prizes and giveaways, there is a list of items attached to this that lists some ideas.

Would you please consider giving to this worthy cause? All donations are tax deductible; we can also offer display of signage, thank you in the program and in the newsletters and business cards in the take home bags. We are willing to work with you.

Thank you so much for your consideration,

Jocelyn Schuman, Procurement Chair
